San Diego's The Super Dentists™ announce grand opening of new office in Oceanside

The premier pediatric dentistry and orthodontic specialists held a Grand Opening event to showcase its newest location

San Diego, CA, May 24, 2011—The Super Dentists, San Diego's pediatric and orthodontic specialists servicing San Diego County and surrounding communities, announced the opening of its third office location in Oceanside, located at 3625 Vista Way.

"With locations in Chula Vista and Eastlake, we decided to open a third location in Oceanside since we have so many patients that travel from North County, including Riverside and Orange County, that we wanted to accommodate our patients to the best of our ability," said Dr. Kami Hoss, Orthodontist at The Super Dentists. "It is a main priority for us to make,

'getting the best dental care' as easy and efficient as possible. With that said, we are always on the lookout for our next convenient location."

All three offices follow the same theme. The pediatric dentistry side of the practice has a kids' fairytale look with a castle, a dragon wearing braces, a 3 ft. mushroom and large T.V.'s. The orthodontics side is "out of this world;" filled with rocket ships and boasts a Starbucks Café and free Wi-Fi for adults.

"It's important that we have our current team members, who know the 'super-way' we work with our patients, at the new Oceanside location," said Dr. Nazli Keri, Pediatric Dentist at The Super Dentists. "In addition, ~~however,~~ we plan to hire additional doctors and assistants that are 'just right' for The Super Dentists Team; meeting the high standards of personalized care that we provide for our patients and their parents, each and every day."

The Oceanside location will have a brushing station that has an educational brushing and flossing sing-a-long movie, built into the mirror, showing kids the correct way to brush and floss.

In addition, the office has "super heroes" dropping out of the ceiling to say, "Hello" and X-Box video games available for play.

"You have to come in and see the office for yourself, to really see all the fun and innovative things The Super Dentists have for kids of all ages," said Dr. Hoss.

The Super Dentists' Oceanside office is located at 3625 Vista Way, Oceanside, CA 92056, across from the new Rady and Sanford Children's Hospital.

About The Super Dentists™

The Super Dentists are San Diego's premier orthodontics and pediatric dentistry specialists with locations throughout San Diego County. Whether it's an annual exam or fitting for braces, caring for the unique dental needs of children, teens and adults is the number one goal of Pediatric Dentist, Dr. Nazli Keri, and Orthodontist, Dr. Kami Hoss.

The Super Dentists offer a wide spectrum of practice tools, including special behavioral training, teeth whitening, and computerized anesthesia. They also have three ways to "Go Invisible" with braces, such as clear self-adjusting braces (In-Ovation C), clear removable trays (Invisalign) and braces on the

backside of your teeth (Incognito) so that no one knows that you are actually wearing braces.
